

9. WHAT KIND OF FEATURES, ATMOSPHERE, AMENITIES OR ACTIVITIES AT CAYS PARK WOULD CAUSE YOU--PERSONALLY--TO LEAVE YOUR HOME, GO TO THE PARK, AND ENJOY IT ON A REGULAR BASIS?

1. A bathroom I'm willing to use would help a great deal. I personally love the open space of the field and it is used regularly, not just for soccer. Kids and families are always running around. Yoga. Dogs moving beyond the dog park. It allowed the opportunity of the incredible kites during covid. It seems misrepresentative to say that they are just fields only being used by soccer. It is regularly enjoyed by many. I do like the idea of a raised sunset watching hill.
2. A comfy, nature setting where concerts, performances, etc. can be enjoyed
3. A fenced in dog area that separates large and small dogs
4. A more feature-rich dog park (see #8).
5. A more inclusive and up to date playground, more trees, concerts, more designated and defined spaces for picnics and scenic views.
6. A nice area to seat and chat with neighbors
7. A once a month evening concert with a beer garden.
8. A outdoor exercise area, concerts, movie night, community veggie garden
9. A place to fully enjoy without the plethora of soccer teams!
10. A place to sit in a park like environment
11. A place where neighbors get to know each other better.
12. A sculpture which draws emotion, makes you think...
13. A shaded area with benches and flowers
14. A walking path with beautiful landscaping, views.
15. active recreational exercise
16. Additional picnic tables spread around ( not just in the dog park area). Not large group picnic shelter... would not want to see private birthday parties going on. Love the open area for kites.
17. Adult workout area
18. Adult workout areas. I would not like to see a skate park.
19. Adult work-out stations
20. ALL ANSWERS IN #8.
21. Already do, for dog walks and exercise.
22. Already enjoy it as it is
23. An 'archery range
24. An area that brings people together as a community. i.e. Concert in the park setup
25. An inviting place to meet neighbors.
26. an place to sit without dog poop and less soccer. The parking for the soccer is absurd
27. Anything primarily for Cays residents
28. Are for yoga - less area for dogs - they don't pay taxes
29. Art and/or architecture, ocean views and dog free areas for relaxing and laying back
30. Art exposes, small musical features, festivals
31. Art in park
32. art show and ocean view
33. Art show; movie night; band concert
34. Art shows and small concert events. I had a dog and am likely to get another.
35. As is
36. As is
37. Atmosphere
38. Attractive walking paths, ocean views
39. band concert, tennis, soccer tourney
40. Band concerts
41. Band concerts or theatrical presentations
42. Band concerts,
43. band concerts, exercise groups
44. Band-concert, ball games etc
45. Bands, putting green or driving range.
46. baseball games
47. Basketball court
48. BBQ area with picnic tables, dog park fenced, soccer or baseball with hundreds of neighborhood kids, par course exercise circuit, tennis, walking path around the park, birthday party or small gathering.
49. Beautiful contemplative landscaping
50. Beautiful paths, separated from soccer field and dog park.
51. Being able to walk through the park with shade trees year around.
52. Better landscaping and amenities
53. Bike ride
54. Casual ambiance that lends itself to visiting with neighbors & friends in a comfortable setting with a nice, cool ocean breeze.
55. Cays Park is fine. Nice and open. It was great place during COVID-19. locals visited the park.
56. Celebrations
57. Community event like the 50 th anniversary of the Cays BAND CONCERTS like at Sprekels Park art shows etc
58. Community events
59. Community events + beautiful walking space + not filled with non-cays residents would make me very happy :)
60. community events and small performances, better ocean viewing opportunities
61. community fair/eaterys
62. community garden in a section of the park
63. CONCERT ART SHOW
64. Concert in the park, similar to Sprekles
65. Concert on Green, Fireworks
66. Concert, exercise group
67. Concert/ music or performances in the park
68. Concerts
69. concerts
70. Concerts
71. concerts
72. Concerts
73. Concerts
74. Concerts and exhibitions
75. Concerts art shows sunset spot all dogs contained to a specific spot! More use for residents instead of soccer!
76. concerts for the residence of the Cays. Outdoor theater/movies. OUR community get together.
77. Concerts in the Park
78. concerts in the park, contained dog park
79. Concerts in the Park, Exercise classes
80. concerts, art shows, better designed playground for grandkids
81. Concerts, community events/celebrations/BBQs/Food trucks, exercise equipment, sunset watching (hill over the wall sounds great) & socializing walks/strolls.
82. Concerts, farmers market, neighborhood gathering
83. Concerts, movies at the park, excercise class and art classes.
84. concerts, performances, social gatherings
85. concerts, sunset
86. Concerts, winding walking paths with flowers or native plants and

9. WHAT KIND OF FEATURES, ATMOSPHERE, AMENITIES OR ACTIVITIES AT CAYS PARK WOULD CAUSE YOU--PERSONALLY--TO LEAVE YOUR HOME, GO TO THE PARK, AND ENJOY IT ON A REGULAR BASIS?

sculpture, sunset hill, art shows, kids playground when our grand kids visit, possibly picnic areas.

87. Concerts. Walks Picnics
88. Currently Never use it. We would use it if there were concerts, shows. Also if the walkways were appealing and had ocean views.
89. daytime walks, community events, exercise groups
90. Dog activities
91. Dog friendly amenities
92. Dog park
93. Dog park
94. Dog park
95. Dog Park
96. Dog park , watch sunsets and ocean
97. Dog Park Expansion
98. Dog park is already there
99. Dog park keeps us coming every day
100. Dog park use with dog.
101. dog park with better facilities - working dog water, sun shade, seating, some low level separation from the soccer fields, LESS soccer
102. Dog park, an area for walking, small performances, exercise classes
103. Dog park, sunsets, picnics
104. Dog park, tennis, something pretty with ocean views with a comfortable setting to sit and hang out for a while
105. Dog park, walks, small performances, community activities
106. Dog park. Needs to be larger. People use dog park to socialize
107. Dog Run
108. dog shows
109. Dog walking
110. Dog walking
111. Dog walking, picnics
112. Dog walking. I like the kites on the weekend. Need shade for other events. Would use a fitness course.
113. Driving range (golf). 18 hole championship putting green. Pitching facility, sand traps included. Wading pool for kids.
114. Ease of walking paths, seating places.
115. Enclosed dog park area (gated).
116. Enlarged off-leash dog run
117. Events like small concerts, space to sit and read, views of the ocean, farmers market?
118. Events, sunsets,nice dog walk area,walking path
119. Excellent play equipment for the kids like at speckles (we asked our

- kids and they say they'd love lots of swings, monkey bars and cool features like a zip line. They also say they don't like wood chips but prefer fake grass or rubber under equipment). Picnic tables with shade (Evergreen Park in Bremerton, Washington is one park we love that has many mini- shelters surrounding the awesome play equipment so you can have a shady picnic while watching the kids play, and one large shelter for big group events). Sunset views. Walking/biking paths. Space for a farmers market or concerts in the park. Perhaps a skate park or bike ramps for kids since many of the cays villages seem to discourage these activities for kids in their own neighborhood and they have nowhere to do those activities around here.
120. exercise and concerts
  121. Exercise facilities
  122. Exercise groups
  123. Farmer's Market, Concert, Art Show, Socials with Neighbors, Walks, Sunset Space
  124. Fenced dog area
  125. Fenced dog park
  126. fenced off leash area for dogs-- leaving the rest of the park to open minded users.
  127. Fewer large sporting events
  128. Fewer sporting fields and areas and more playground and nature areas
  129. Fine as it is. Stop meddling
  130. Fire pits with chairs around them, beautiful walkways with seating along the way, landscaping with trees , shrubs, flowers, NEW playground , bike path
  131. Fitness
  132. Freeplay with kids
  133. Gated dog park with area specifically for small dogs, gardens to walk through, community events
  134. Golf facilities for golf: hitting nets and putting greens
  135. Good play equipment, pretty views, shady picnic areas, nice walking/ bike paths, community events like concerts in the park or farmers market, or maybe something it if the box like minigolf, batting cages, skatepark or splashpad.
  136. Good walking trail.
  137. Have eventual or seasonal food stands or trucks, to enjoy a drink or snacks while watching the sunset or playing sports.

138. Having an atmosphere for retirees of all ages and not children and pets.
139. Hill to watch the sunset
140. I already do, but maybe a sunset hill type of thing?
141. I already go to the park frequently to play sports and hang out with my friends
142. I already use the park frequently: dog park, work-outs in the park with friends, pickle ball courts
143. I consider the dog park my major source of community
144. I do not currently see the park being solely used for soccer games. Yes, there are games on some weekends and occasionally during the week. It always looks like everyone is having a great time, both participants and observers. The park is also currently used for picnics, walking, as a dog park, for baseball and basketball, for pickup games among families. I see it as currently having multiple uses and being utilized in that way rather than being monopolized by outsiders or anyone group. It seems to currently serve a multitude of needs and desires. On the other hand, I WOULD like to see it more attractively landscaped to the extent that it doesn't inhibit current uses, but rather encourages an even wider variety of uses.
145. I do so most days just as it is.
146. I enjoy the park on a regular basis as is.
147. I enjoy the park on a regular basis by taking my kids to the playground, meeting other families to socialize with at the playground, flying kites, playing baseball sand lot style with neighborhood families, taking my kids to soccer practice and socializing with soccer families, playing basketball, riding bikes around the park, and walking my dog to dog park. More trees for shade at the playground would be great!!
148. I go there 2x per day now, can't do much more!
149. I like the open space mostly as is.
150. I like to enjoy the park with my dog and family.
151. I love how it is now!
152. I love it as it is
153. I love the idea of keeping at least a portion of the park dog-friendly. We would love nature play structures, and

9. WHAT KIND OF FEATURES, ATMOSPHERE, AMENITIES OR ACTIVITIES AT CAYS PARK WOULD CAUSE YOU--PERSONALLY--TO LEAVE YOUR HOME, GO TO THE PARK, AND ENJOY IT ON A REGULAR BASIS?

I love the suggestion of the Sunset Hill! The fire pits in the slideshow would be another fantastic addition.  
 154. I personally would love to walk to a park in my community that had more consideration to the families that would frequent said park. Trees and landscaping, picnic areas and walking paths. Something that is beautiful to look at and that all may enjoy as opposed to the tremendous eye sore of Coronado that it currently is.  
 155. I use it for recreation presently.  
 156. I use it now to walk and watch sunsets.  
 157. I'd go there often if it weren't so monopolized by soccer  
 158. if it stays the same, no changes. This park is awesome because there are no homeless or creepers hanging out, if you put in a tree or a bench you will start getting transients and ruin this community!!  
 159. If my friends were going  
 160. Improved dog park.improved playgrounds with shade  
 161. It be all nature  
 162. It does so already.  
 163. It is fine the way it is  
 164. It is so beautiful when the people fly the large kites  
 165. just walking  
 166. Keep open spaces. Do not plant a bunch of trees.  
 167. kids playground, peace and quiet, sunsets  
 168. Landscape features (something other than just flat)  
 169. landscaped places to sit  
 170. Landscaping features to provide shade and variation. Walking paths and benches to enjoy.  
 171. Large Area for dogs to run off leash and play.  
 172. Larger play structure, more trees and shade  
 173. Larger playground structure  
 174. Leave as is.  
 175. Leave it alone. We go regularly to enjoy peace and quiet reflection with no crowds.  
 176. Leave it as is  
 177. Leave it the same  
 178. Leave the dog park alone  
 179. Leave the dog park as is  
 180. Less soccer  
 181. Less soccer  
 182. Lighted pickle ball courts. It is now more popular than tennis.  
 183. Live music, art show, food festival

184. live music, nice pond with picnic tables, walkway around pond  
 185. Live music, wine festivals, food festivals  
 186. Live music, yoga class  
 187. Live musicians, fireworks, large community picnic  
 188. loosely organized  
 189. Lots of shade from trees, bushes, flowers. A place I could enjoy sitting and reading a book and bring a picnic, while watching sports activities like soccer.  
 190. Love music, kid's sports  
 191. Love to see the soccer and tennis match's  
 192. Lovely walking areas with beautiful plants like the island on the bay  
 193. Maybe a concert. Walking trails.  
 194. Mini golf  
 195. More areas to relax and enjoy the natural beauty of the park with an art-like water feature and landscaping plus exercise station area. Passive area would be about 25% to 1/3 of park. Don't think we need a bandstand or gazebo. Concerts could be set up with portable bandstand on one of the playing fields as scheduled. More picnic tables and small shade trees and/or structures. Art in Park, movies, and concerts but not too many to overwhelm area on a frequent basis.  
 196. MORE DOGS AND BETTER BATHROOM  
 197. More expansive playground  
 198. More interesting plants and more shade  
 199. more nature, planting to enjoy walking  
 200. more paths for walking; a separate dog park area for off-leash dogs; places to sit and enjoy the ocean breeze with some shade; benches to sit at in the evening to watch the sun set;  
 201. More seating options  
 202. More separation regarding dog area's  
 203. More shade from trees, concerts, picnic tables.  
 204. More trees for shade and nicer bathroom. Fix irrigation so there is no mud. Period. Leave it as it is. We all enjoy it daily.  
 205. More trees, more park-like setting; less soccer  
 206. Morning or evening walks

207. Most important for me would be a beautiful landscaped park to walk through and that even looks good when you drive by!  
 208. Movies, concerts, walking, yoga  
 209. Movies, farmers market, exercise— mainly, reducing the soccer. That's what deters resident usage  
 210. music  
 211. Music  
 212. Music  
 213. Music /entertainment  
 214. Music and art shows. Farmers market  
 215. Music concerts/Art shows, Community events. Plant lots of trees. The more it looks like Spreckles Park the better  
 216. Music events, socializing with neighbors, exercise equipment  
 217. Music like ferry landing and spreckels  
 218. Music, art show type events, dog park  
 219. music, art, festivals  
 220. Music. Thai Chi. Yoga.  
 221. Music. Holiday celebrations.  
 222. Musical performance  
 223. My family already uses the park frequently for soccer. This is the most amazing and important use for our park. Coronado needs their area for kids to become more athletic. Tidelands aid dominates by baseball and softball and is not an adequate alternative for soccer. People from all over San Diego County benefit from coming to the Cays to enjoy the magnificent grass we have and it truly helps build a community of fitness and happy kids. Don't take this away!  
 224. My inputs above would certainly result in greater use by our household  
 225. Natural area for read, social and walk  
 226. Nature paths to walk  
 227. Nature walk, water features  
 228. Nature walks/runs. Small music venues, art shows.  
 229. Nice shady sitting area while kids are playing  
 230. Nice paths, plants to look at/smell. A picnic table or other area where I can enjoy the sunset. Outdoor gym area for workouts.  
 231. nice views of oceanheavy  
 232. Nice walk and views  
 233. nice walking paths with interesting plants  
 234. Nice walking trail

9. WHAT KIND OF FEATURES, ATMOSPHERE, AMENITIES OR ACTIVITIES AT CAYS PARK WOULD CAUSE YOU--PERSONALLY--TO LEAVE YOUR HOME, GO TO THE PARK, AND ENJOY IT ON A REGULAR BASIS?

235. nice walkways with nice flowers  
 236. Nicer bathrooms, more shade, places to have lunch/picnic, hand washing station by covered picnic areas would be nice too!  
 237. no appreciable changes  
 238. NO SOCCER CROWDS FROM OUTSIDE  
 239. None- we have access to beautiful beach and a plenty of picnic space on the bay side of the Silver Strand State Beach.  
 240. None. Personal exercise which needs none of the above.  
 241. Not crowded  
 242. Not having random dogs on our faces. We need to fence in the dog park.  
 243. Ò  
 244. Occasionally we like to go watch the kids play soccer. I also walk through it 2 or 3 times a week.  
 245. Ocean views  
 246. ocean views & plantings, walking & sitting area  
 247. Ocean views and sunset  
 248. ocean views, sunsets, nature  
 249. Off leash Dog Park  
 250. Off leash dog park with no fence - please don't lose this!  
 251. off leash dog walks and music at sunset all year round  
 252. once per month music entertainment  
 253. outdoor gym, pathways, lighting shade, view of ocean.  
 254. Paddle-tennis court more shade  
 255. Par course and fitness classes; plain air art class  
 256. park setting (trees, grass, flowers) with a 'few' benches. We have a beach across the street for walks and watching sunsets  
 257. pathways next to nice landscaping. One or two paddle tennis courts would be a good addition.  
 258. Pavilion/Gazebo for concerts, shaded area to read,  
 259. Peaceful walking with no dogs to interface with  
 260. Pickle ball courts  
 261. Pickle ball. Basket ball. Horse shoes. Kite flying. Meeting eligible sensible women??  
 262. Pickleball concerts  
 263. Pickleball, concerts  
 264. Pickleball, fire pits, views of ocean, picnic site  
 265. Picnic areas with sunset views, water features, band stand, tall trees with shade, coral trees, date palms  
 266. picnic bench under a shade  
 267. Picnic tables and walking area  
 268. picnic tables, or bigger seating sections not just benches  
 269. Picnic/social - gathering areas  
 270. place where friends could gather with some seating and chair arms for refreshment -- for small group of adults  
 271. Places to gather and talk to neighbors, shade for focal gathering place. Sunset Hill is a great idea.  
 272. platy tennis, take in the ocean views. wide walk paths.  
 273. Playground, picnic, shade trees  
 274. Please keep the dog run area as is.  
 275. Please leave the soccer tournaments and trainings that builds community too!! This is the main reason we leave here so kids can walk to to soccer practice and games  
 276. please no bleachers!  
 277. Pretty landscaped walkways with lighting (night), social gatherings, concerts, BBQ picnics  
 278. Promote community gatherings like free concerts, walks with trees, elevated ocean viewing, local sporting events, baseball, softball, soccer, a welcoming environment to meet neighbors and friends.  
 279. Public ping pong tables, community garden  
 280. quiet area to read or view the ocean  
 281. Raised area with sunset view, holding arts and crafts shows, shaded area for picnics  
 282. Replicate those successful Village park activities.  
 283. safe  
 284. Safety and security  
 285. Safety, beauty, neighborhood use.  
 286. senior activities, tables for chess  
 287. Several picnic tables, spread out, next to winding paths with trees and landscaping throughout.. No areas that would encourage mass gatherings. Tranquil space.  
 288. Shade trees, walking paths  
 289. shade, wind screen  
 290. shaded comfortable areas with consession stand  
 291. Small concerts  
 292. Small performances/Community events  
 293. Social events, art, small birthday gatherings.  
 294. Socializing w neighbors, Art shows, concert  
 295. Some additional plantings, trees, benches to break up the broad expanse. But not too much - open space is important - and not at the expense of the dog park.  
 296. some trees for shade  
 297. Somewhere to watch the sunset, better walking trails, more plants, containing the dog park and separation from sports / children  
 298. Sports  
 299. Sunset cliffs  
 300. Sunset concert  
 301. Sunset hill  
 302. Sunset hill /raised area to view sunsets. Pull-up bars  
 303. sunset views, shade and picnic area  
 304. Sunset's, kites, dog park, summer concert series  
 305. Sustain the dedicated Dog Park  
 306. Tenni  
 307. Tennis  
 308. Tennis and outdoor bands  
 309. Tennis courts with NO pickle ball on tennis courts.  
 310. Tennis courts, ocean views, dog park, small concerts  
 311. Tennis courts, Planted garden paths, local community events  
 312. Tennis is n. 1 for me. But I love the idea of places to sit and talk, to watch the sunset.  
 313. Tennis,  
 314. Tennis, Pickleball, Picnic Benches, Shaded seating areas, Pretty landscaped areas  
 315. The ability to enjoy nature in its natural habitat releases stress and provides mental health benefits. However, as the park now exists, the increased traffic on the Strand, along with multiple large soccer groups simultaneously practicing or holding game  
 316. The amenitiesthat are there already cause us to go to the Cays. And we go out to the beach, we walk around Grand Caribe Island. We bike on the bike trails./ We boat in the bays we enjoy all the various city parks and don't need them in our back yard!e t  
 317. The atmosphere is just fine as is. The park is perfect.  
 318. The baseball diamond. We use that multiple times a week.

9. WHAT KIND OF FEATURES, ATMOSPHERE, AMENITIES OR ACTIVITIES AT CAYS PARK WOULD CAUSE YOU--PERSONALLY--TO LEAVE YOUR HOME, GO TO THE PARK, AND ENJOY IT ON A REGULAR BASIS?

Community gatherings. Dog park used daily.

319. The children equipment, more trees more places to seat, keep homeless away.

320. The children's area needs to be upgraded similar to Spreckles and Pomona ave. The disparity between the Cays playground equipment/area and Coronado Village is an embarrassment.

321. The dog park needs an enclosure fence and a raised west wall.

322. This should be a place primarily for resident use. Things like soccer games are fine, but too many activities brings more traffic and you need to take into consideration the people whose homes face the park. More large activities bring more trash, noise, and becomes a traffic issue. The beauty of our community is its free space and peace and quiet.

Can't express too much the residents that have homes facing the park. They will be impacted the most.

323. those featured above

324. To meet friends and enjoy the view and some shade

325. Trees

326. Trees

327. Trees and better places to sit

328. Trees not so flat pathways beauty with plants and seating areas

329. Trees, shrubs, flowers, an elevated ocean viewing sitting area, maybe with fire pits

330. Trees, walking paths

331. unfortunately none. I'm not a park person

332. Upgrade dog park re. filling holes and possibly having a few more trees, not blocking the view of Cays residents.

333. View sunset

334. Views and amenities

335. Views of ocean when I'm on a walk

336. Views of ocean when I'm on a walk

337. Views of the ocean, nice play area for the kids

338. walk dogs/ enjoy sunrise and sunset/ exercise

339. walk the dog

340. Walk, read, meditate

341. Walk, read, meditate

342. walking and jogging trails in the perimeter. I like the idea of keeping a variety of active (different) sport venues, Although I did not realize there is a volleyball court. Perhaps adding ping pong in one of the Corners, and pickle ball in one of the unused tennis courts.

343. walking path

344. Walking path and sunset viewing

345. Walking path, trees, flowers, benches, ocean view, dog run,

346. Walking path. Sporting fields that do not take up 75% of space. There needs to be more passive features for my enjoyment.

347. walking paths

348. Walking paths, places to sit; additional landscaping

349. Walking paths, benches for relaxing, reading

350. Walking paths, concerts, exercise groups

351. Walking paths, ocean view, art and exercise

352. Walking paths. Trees to sit and read under. Exercise areas. Watching ocean sunsets

353. Walking the dog; walking me. We need some shade.

354. Walking trails (with leashed dogs)

355. Walking trails and sunset views

356. Walking, concerts/entertainment, community activities

357. Walking, Play structure, Picnics, Sunsets, Tennis

358. Walking, sunset and picnic areas.

359. Walks and sunsets. Ocean views.

360. Walks, bike paths, nature, fire pits with ocean view, places to read

361. Walks, concerts, art shows, picnics

362. Watching soccer games

363. watching sporting events

364. Watching sunsets

365. Watching sunsets, watching outdoor movies

366. Watching the kids play

367. water views, many seating areas with fire pits

368. We enjoy seeing the soccer tournaments, volleyball, kite flyers, etc

369. We go every day / 2-3 times a day. My children play soccer, baseball and basketball.

370. We love having sports there on the weekends and seeing the kids playing. Where else would the kids go? If the dogs didn't take over the park every evening we would walk over to watch the sunset.

371. We need a dog park

372. We take our toddlers to the park all the time. It's a great green space to let them run around and play at the playground. We enjoy the family atmosphere and that the park is clean! Also, love that it's down the street!

373. We use it regularly as is

374. We use the dog park every morning and frankly would not change a thing.

375. Winding dedicated walk path surrounded by trees and bushes in various heights.

376. workout area

377. Workout stations, I do not think the park needs walking paths, as the Cays is very walker friendly neighborhood

378. Would love to have comfortable, landscaped sitting areas. Art, like sculptures in Tideland Park would be nice

379. Would prefer park remain as is.

380. would prefer the park remains as is

381. Yoga, playground, concerts, walking trails

10: PLEASE SHARE ANY THOUGHTS OR COMMENTS THAT YOU THINK MIGHT BE HELPFUL TOWARD MAXIMIZING THE PUBLIC BENEFIT OF CAYS PARK OVERALL.

1. a lush tropical feel as were near the ocean. walkways and concessions comfortable seating
2. A park with flowers , walk paths, space to excessive . Definirle not a soccer field
3. Adequate restroom facilities that accommodate crowd that appears for soccer games.
4. All marked on number 7
5. All of the above
6. Although I don't attend, I do enjoy seeing the kids playing soccer and enjoying the outdoors so I don't want to see it completely go away but an area with trees and flowers and more 'park' like would be great (along with the current dog park.
7. An even larger dog park area would be great. But please don't put a fence around it!
8. Any improvements to the existing park will only draw more people to the area, not solely Cays residents. Increased usage of the park will bring drugs, litter, congestion and require constant monitoring and policing. Spreckles Park, you morons, is across the street from the police station and hence has little criminal activity. Have you thought out the fact that the CAYs Park has no police or law enforcement capabilities beyond a small band of fire fighters at the fire station. Whoever is promoting drawing more people and events to the park is not considering the impact on the community in terms of crime and undesireables that will be drawn to the location. And please, don't expect our security team to be of any value. One of the prime considerations for living in the Cays is that its relatively unknown and protected against outsiders because there is nothing to draw outside persons to the area. Creating a park with amenities will create an attractive nuisance and the next thing that will happen will be there will be increased crime in the area.
9. Areas along Caribe Parkway and Coronado Cays Blvd that are painted red need to be revised so when their are big events at the park, people are not taking up valuable parking spaces in the residential neighborhoods.
10. As it is now there are traffic and parking problems for nearby neighborhoods so the parking needs to be redesigned and expanded
11. As recent multiple, well-designed studies illustrate the mental health benefits of enjoying nature, parks are becoming increasingly important to communities. Yet, our island is becoming more crowded with small single home lots now filled with multiple unit dwellings, increased traffic, and concomitant noise levels. We need to not only preserve our parks, but also determine the best use of them for specific areas. This includes balancing the requirements for youth sports with the need for creating environments that encourage mindfulness and relaxation for all age levels.
12. Balancing passive and active use and have events to bring community together.
13. Band concerts
14. Band Concerts in the park and make sure there is rooms for doggy park!
15. bandstand or amphitheatre may attract too much noisy traffic
16. Be sure the plants do not create a predatory environment
17. Better and more innovative children's play equipment.
18. Better playground. The playground is old, rundown, boring, and small
19. bike racks
20. Butterfly habitat for endangered monarch butterflies. Easily and cost effectively done.
21. Care must be taken to ensure the park is to be used bt Cays residents vice making it too attractive for being overrun by those outside of the Cays community. (Not a state park)
22. Careful planning of lighting so it isnt shining in windows at night
23. Cater to residents and not outside soccer clubs
24. Cay residents socialize primarily bc of dog park. It is esstial to keep dog park as is, or enlarge it. More Trees would be great.
25. Cays park as is fills a need in Coronado for field, court, and playground space for outdoor recreation and organized sports while retaining plenty of opportunities to enjoy for social gatherings, walking, etc. without issue.
26. Cays residents are treated as second class citizens but city council and mayor
27. Cays Residents Use It and See it Everyday. We all use it and enjoy it as it is. No more structures other than improving the bathrooms. Maybe a few more picnic tables.
28. Close the cats to outside traffic
29. Consider an ocean view overlook or overlook path along the western edge of the park. I would also like to see the park retain the spirit and vibe of the Cays which is much quieter and less frenetic than the Village. The two make great Yin-Yang counterpo
30. Continue to provide space for children to practice and play organized sports. The City does not offer much in the way of outdoor playing fields.
31. Continue youth sports, clinic, open space use for such things as kite flying, frisbee, team sports, etc
32. Corral the dogs away from the best view of ocean!
33. Definitely a fitness court or outdoor gym since there is no fitness facility in he Cays. Definitely a raised area to view sunsets, paths, flowers, trees to make it truly a park and not just an open field--boring!
34. Definitely allocating space for safe dog park (maybe extending it down further from the street). Some sort of fence for dog park
35. Designated Pickle Ball courts is a must. The popularity of the sport has increased.
36. Develope the park in a way that serves the Cays residents and does not become over crowed and a magnet for all the other south bay communities. Limit picnic tables to a minimum.
37. Do not add anything that will increase the number of cars and people.
38. do not fence in the dog park!
39. Do not make the dog run the focal area.
40. Do not over schedule uses for the areas, the parks are also meant to be spaces to disperse and that cannot be done with too many people around
41. Do not reduce the tennis courts
42. Do Nothing!! Leave the park as it is!! It is perfect!! Adding all this stuff will only bring in non-residents. If the

10: PLEASE SHARE ANY THOUGHTS OR COMMENTS THAT YOU THINK MIGHT BE HELPFUL TOWARD MAXIMIZING THE PUBLIC BENEFIT OF CAYS PARK OVERALL.

park is improved there should be a gate at the guard shack to only allow residents into the cays. The Cays cannot handle the out of town crowds that already have taken over Grand Caribe Isle park, the Cays should not be responsible for pleasing all the non-residents, if they want a park they can go to the Silver Strand State Park across the street where there are plenty of facilities and enforcement!! The Cays cannot handle any more crowd attractants. Keep the park sparse and open so it remains pleasant and uncrowded.

43. Dog park should be restricted.

44. Dogs don't know where the boundaries are. A barrier would be helpful. No Fines for pooping!

45. Don't make the parking lot any bigger because that takes away valuable land for an ugly parking lot. The the park is great....if you want to take a walk the beach is across the street. It's a pretty, wide open space. Also adding new attractive things would create more parking issues for residents. Then we would need to have the separate communities gated so only residents could park in their neighborhood. The Grande Caribe isle was damaged last year because so many people came to the small, fragile spot.

46. Don't overdo and make it look cluttered

47. Drought tolerant, native plants, less grass, more nature and beauty.

48. Enclose the dog park to define the area, you can do this beautiful. A LOT less soccer, this is OUR park! Pretty sure our taxes and HOA pay for this park, let make it something our community can enjoy on the weekends!

49. esthetically beautiful

50. Even if a gated dog park does not happen, at least a line of bushes between the street and park would be helpful!

51. Fence dog area

52. Fence for Dogpark

53. fewer soccer fields; small/low barrier to separate dog park from rest of the park

54. FEWER SOCCER TOURNAMENTS, MORE DOGS.

55. first class

56. fix the sprinkler system a couple of mud pit...other than that : no structural change.

57. Focus on residents more

58. Getting rid of the soccer fields so residents can enjoy to park

59. Give it the most possibilities, for the most people! NOT DOGS!!!!

60. Have community fairs, selling arts, antiques, food, handcrafts. once every season, once a month...

61. Having soccer fields close to playground is dangerous. those balls are flying fast. The way they lay out the soccer fields when they line the fields- they take way too much of the park over. Very inconsiderate of anyone else who wants to use park. Also so much of the time the soccer fields are being used by outside young adult male team that looks to be semi pro not youth Coronado residents. I don't even have little kids but the playground area is greatly lacking. There are so many creative play structures available, like they have at Tidelands or Spreckles. This should be a community park for community use. IT IS THE ONLY PARK IN THE CAYS- WHY SHOULD 50% BE USED FOR SOCCER FIELDS . If you need more soccer fields put them in Tidelands. The village has Spreckles and the park area by the community center by the water front in addition to Tidelands. Don't take away our only park!!!!

62. Heavy flows of traffic into Cays would be concerning

63. I absolutely do not want it to become the tourist attraction Sprekels has become.

64. I agree it needs to be upgraded, however we get enough outside traffic and parking. If we make it too special- that will just increase which could be frustrating as you go to enjoy the peace of our beautiful park over run with people that don't live in the Cays.

65. I am shocked that the city is allowing this potentially beautiful park to be used as a giant soccer facility that does not benefit the people who actually live in the cays. The noise and parking is a nuisance and makes it virtually impossible to enjoy the park in a meaningful way.

66. I am sure the locals love the dog park. Although it seems as though a sizable number of people with their pets are from outside the Cays. I may be wrong. I feel strong about adding a small fence and restrict that area more. The dog area seems to be ever

expanding and ?taking over ?20%? of the visible/useful part of the park. Or it appears that way. I know for a fact that there are some, especially those not use to coming to the Cays that do find the dog area very unattractive. I would like a security gait (key for local residents only) that would give access to the strand area and it would be nice to have the easement area from our perimeter to the paved walking jogging bicycle path, developed parallel to the Cays if that is allowable. Use native plants drought resistant plants only. And a dirt path not paved. some benches. But not highly developed, more natural. better views of the ocean/beach and expands the areas of use, less crowded. For some of us, the passing cars are not so bad.

67. I don't think Cays residents should focus on public benefit, rather we should focus on Cays benefits. This should not become a destination for homeless or for tourists/party-ers, etc... this should singularly enhance the value of living the Cays. With this, it should allow an amazing experience of the sunsets over the ocean (while seated at fire pits perhaps) and should also reduce the impact of the highway (noise & soot). To the extent it can attract younger families it will enhance our community and our home values. There is a great senior center next to Spreckles park in the village... doesn't feel like we need another. Lastly, the dog park works very well as it is. It is extremely valuable to those who have dogs and for those who do not, there is a great amount of non-dog space available to them to plan whatever activity or event they like.

68. I feel this is a solution in search of a problem. Overall public benefit is being served.

69. I like the open feeling now and don't want to forgo that. But am open to some changes that will make it more user friendly.

70. I love the idea of art, walking paths, sitting areas for picnics and a fenced off area for the dog section of the park.

71. I love the idea of trees or palms in the space, the full sunlight does not make me want to go up and lay around in the grass. I think I would use the space more if there was more

10: PLEASE SHARE ANY THOUGHTS OR COMMENTS THAT YOU THINK MIGHT BE HELPFUL TOWARD MAXIMIZING THE PUBLIC BENEFIT OF CAYS PARK OVERALL.

shade opportunities. I don't have a dog and don't want to sit under the trees that are pee'd on or sit in poop

72. I love the open space and lack crowds. The idea of encouraging more people to hang out is the opposite of why love the area Don't encourage loads of people to come.

73. I realize that many people think the park may be too crowded with soccer and/or kite flyers, yet I do believe that having an area where kids can play is key in this day and age of electronics (i.e. we don't want couch potatoes). I also believe that organized sports also generates revenue for the city (albeit no not know how much that is).

74. I really like that we have structured activities happening here (i.e. Soccer, Tennis, etc.). I think there is enough space to work with without having to lose the current uses.

75. I think a lot of people come from out of town for the dog park. I would rather see the park designated for less dog park and more speckles neighborhood park.

76. I think it is a very exciting idea to create I'm more interested in space for the residents. Keep the tennis courts and one soccer field and then create a lovely place for residents to gather.

77. I think that area is way too big for a general park for the size of the Cays and the visible amount of lack of local interest that I see every time i go by.. I If Sacred Heart and band concerts were not in Speckles Park there would be very little interest there either

78. I think the park is nice as is but too many soccer games are allowed at one time.

79. I think the park needs to be child freindly but have an appeal to adult life also. The dog run is the most used part of the park daily. The tennis courts get morning and weekend use and the basketball court is used here and there. I think soccer is great but should not be the focus of the park. WHen the park is used for picnicing, they are forced to eat in the Dog run. Not the bestm option.

80. I think we need to take the opportunity to make the park a beautiful destination.

81. I thought they took out the horse shoe pits? We used to use them and they stopped maintaining them.

82. I would like to see the center of Cays Park landscaped around the periphery sidewalk, but the center openness retained for views, gathering and kite-flying type activities.

83. I would love to see an annual community event!

84. I'm thrilled to think of this as "our" park. I'm really tired of soccer tourneys, traffic, parking problems and strangers coming into our neighborhoods dumping garbage, dirty diapers, etc. from their day at the park. I love the days the kites are flying in the park! Let's do more stuff that we, the Cays residents benefit from! ♥️👍 ♥️👍 ♥️👍

85. If a dog park is retained it must have defined boundaries. Ocean view and watching sunsets over the wall would really enhance our community. Coronado is a patriotic city - the Cays would benefit from a significant, prominent flag pole in the park!

86. If residents who live off Sunset can prohibit youth sports from playing/practicing in that park, Cays residents should be able to say no to soccer. I'm not sure how youth soccer decided they own the Cays, but it causes lots of traffic and parking issues for residents. 90% of the kids who play soccer on those fields don't live in the Cays. They should be playing at

Sunset/Tidelands/Speckles. Any field allocation should be fair and equitable across all sports and fields in Coronado. Soccer shouldn't have a monopoly on the Cays park, and taxpayer dollars shouldn't fund any improvement to the Cays park that is only to the benefit of soccer (and is a huge detriment to Cays residents).

87. If you can do it, generating enthusiasm through the HOA about the future of the park will interest people in using it and caring about it. And if they use it and care about it, they will enjoy it. And isn't that what a park is for?

88. I'm in favor of preserving some space for soccer, tennis, etc. AND beautifying the park for residents. I enjoy walking through the dog park even though I don't have a dog. Lots of families already enjoy the park, and

though I'd appreciate it being more beautiful and functional, I don't want to take away from the pleasure it already provides.

89. In this day and age, we should encourage family activities. Soccer tournaments bring many families here. A beautiful sight.

90. Inputs above cover that

91. It is truly a shame that coronado has made the cays park a dumping ground for soccer games and virtually nothing else. It is a beautiful piece of land that should be developed to meet the needs of the people who live in and around the cays not just for one activity that brings in massive amounts of people, noise, traffic and makes the park virtually impossible to use when games are going on. I cannot see why we cannot accomodate tennis, maybe basketball, and the dog park and make the rest a beautiful area for ALL to enjoy.

92. It is unfair to have our park used as a regional soccer center to where we can't even park anywhere and traffic and parking is horrendous - no respect for our Cays community! We CAN'T schedule activities because soccer is always there on week-ends.

93. It would be nice if the soccer teams could find another venue. They take over the entire park almost every weekend...and parking spills over into our village with nowhere to park. It's bad enough in the summer with beach parking.

94. It would be really great to have a beautiful gathering spot for the Cays residents and to have regular events to bring us together.

95. It's all occupied by dogs and soccer.. really not an enjoyable "park" at the moment.. wasted opportunity rn

96. it's dreadful in it's current condition.

97. Just a reminder that there are frequent winds across the park and it can be rather cool for viewing evening films or concerts. Also, I look at families crossing the road to and from the park and it's very crucial to consider safety with regard to vehicular traffic and providing a view of traffic for pedestrians and drivers. We may need marked crosswalks. At present we have a crossing area at Halfpenny surrounded by bushes at

10: PLEASE SHARE ANY THOUGHTS OR COMMENTS THAT YOU THINK MIGHT BE HELPFUL TOWARD MAXIMIZING THE PUBLIC BENEFIT OF CAYS PARK OVERALL.

the edge of the park and children cannot be seen.

98. Keep dogs on leashes or separated by a fence. Area for big dogs separate from area for small dogs. Tables and benches for picnics. Shaded area to sit and read. Better bathrooms.

99. Keep it Coronado centric

100. Keep it simple

101. Keep it the way it is

102. keep tennis courts and dog park

103. Keep the dog park

104. Keep the dog park as it is.

DON'T FENCE IT In. Coronado park to serve Coronado residents, not outside soccer teams (none Coronado youth related) that DO NOT EVEN PAY TO USE IT!

105. Keep the park as is.

106. keeping dog park not so much soccer it overtakes everything and causes riffs from the organizers in their golf carts.

107. Keeping off leash dogs more contained ( most people are not aware of the specific area). Not everyone wants dogs running around them. Picnic tables where dogs aren't running around them. Updated pickleball court area with lights!

108. Kids need recreational sports more than the park needs a couple of trees

109. landscaping, get rid of the soccer fields, cozy sitting areas for quiet talks, art shows

110. Leave as is.

111. Leave it alone

112. Leave it alone! I like having children use the soccer fields. I like the dog park and tennis.

113. Leave park alone and stop screwing with a good thing. Tell know nothing do-gooders to fine some other endeavor that doesn't need their meddling.

114. Leave park as is!

115. Leave shit alone

116. Leave the Dog Park alone

117. Leave the dog park as is

118. Leaving it the way it is. It is one of the few places that is not crowded.

119. Less for dogs they don't pay taxes - kids will eventually!

120. Less scheduled events, more general use.

121. Less soccer, more of everything else for senior citizens like me.

122. Less soccer, more room for neat and clean areas used for small gatherings

123. less soccer, places to sit, a fences dog park

124. Like the idea of having a fenced dog park, places to sit and view the sunsets or visit with family or friends.

Keep it peaceful and be very aware of noise and traffic!!!!!!!

125. Limit soccer area, fence in dog area, and if you keep baseball diamond keep it groomed, same with all the shared sport areas, they are never cleaned up or made inviting, that's why they don't get used

126. LIMIT THE SOCCER GAMES aWNING OVER THE CHILDRENS PLAY AREAS TREES

127. look to San Mateo and so many other areas that have fenced off leash areas--you will see Cays residents use the park more if they know they won't be run over by zealous dog owners who see the Park as all theirs

128. Love the Sunset Hill concept to enjoy ocean views.

129. Love to see more events, like concerts and market place for the cays

130. Mainly focus on beautification, and giving the residents something to be proud of. Also, I highly encourage a fenced area for dogs.

131. Make it a community park not a sports center for non residents

132. Make it a peaceful place to enjoy nature

133. Make it attractive to everybody. Right now it is mainly a sports field and dog park.

134. make it more family/kids oriented.

135. Make it useable to attract local Cays residents.

136. Make sand volleyball courts more noticeable. Too many tennis courts, not used. Add pickle ball courts. Don't need or want more soccer fields. A lot of the use of soccer fields are by older, young adult males not from Coronado that practice there. The children's playground area needs to be redone and expanded. So many cool things you could do with it. This is the Cays only park , please make it a community park with nice gathering areas, landscaping, more like Spreckles and Tidlands

137. Making it clear where dogs go and don't go. Right now dog owners let them run around everywhere on the green space. Also, anyway to integrate the beautiful ocean view and sunsets would be beneficial.

138. Making the space more attractive

139. Mimic shows at Spreckels Park

140. Minimal \$ show be spent, the fields should be wide open for tournaments

141. MINIMIZE PUBLIC PARKING

142. Minimize soccer and outside oriented large gatherings.

143. more community activities and less soccer crowds with too many cars parking everywhere

144. more community engagement

145. More data needed. water, trash, noise impact? If we want another Spreckels we can drive/ride there.

146. More of a cays identity like Spreckels Park but still have public space for Soccer etc

147. More seating areas

148. More trees

149. More weight for Cays owners use.

150. Move the dog portion to Grand Caribe, sheltering wings area!

151. Must be fair to as many residents as possible.

152. My dislike of the soccer is that these guests park indiscriminately

153. Need Pickleball courts along with tennis. A safety tunnel to walk to the beach without having to cross the highway; picnic tables and pergolas for family gatherings. Amphitheater area

154. Needs upgrade focused on beautiful area around it, maintaining quiet & peaceful environment vs. large crowds and parking problems

.....

155. No more congestion

156. No more scheduled organized sports

157. No need to reduce the open space; the village provides those type of parks.

158. No Section 8 Housing whatsoever

159. No soccer games. These invite parents who fill our villages with cars causing parking problems etc.

160. None

161. none

10: PLEASE SHARE ANY THOUGHTS OR COMMENTS THAT YOU THINK MIGHT BE HELPFUL TOWARD MAXIMIZING THE PUBLIC BENEFIT OF CAYS PARK OVERALL.

162. Not interested in the "public benefit." Given the dues we pay, it should cater to those who pay them.

163. not sure

164. Of course, I want a nice place to take my dog and meet my friends. A hedge around the dog area especially to keep them out of the street as the cars go very fast there. More shade trees and a large covered area to get out of the sun or rain would be nice. It seems the the city has a hard time maintaining what is already there, and the area doesn't seem large enough for all of the amenities that are suggested.

165. Only one soccer field!!! Those playing are definitely not Cays residents.

166. Our family would like to see a beautiful park, but not one that will encourage traffic, visitors and noisy activities. Also, no trees or structures to block our ocean view. No increased CCHOA fees. Thank you.

167. over the years, the dog related activities have created an imbalance that discourages other users. Dogs should be welcome, but at times it is ridiculous, people have been dog-injured, though not seriously.

168. Overall I would say the park is just fine. Residents come and enjoy just about anything that has been listed throughout the survey. There is no need to build spaces ... people walk, exercise, view the sunsets and the ocean, walk dogs, play basketball, fly kites, play tennis, swing, sit and read. the list goes on and on.

169. Park should be limited to the residents only

170. Park should be used for soccer and lacrosse events

171. park should remain as is

172. People are going to want to know who pays for upgrade. How is it financed now? How is Spreckels funded?

173. People have said certain active areas should be discarded because "they are not used." They are not used because you can't see these areas driving past in a car. They have not been advertised by brochures or Recreation staff introductory tours and classes

174. People who do not have stock in the community leave their trash and dog poop laying all over the place. Trash cans need to be abundant

175. Perhaps a soft track around the perimeter for jogging/walking with measured distances for fitness buffs, and workout stations. More water fountains. Would not be happy with any sort of skate park.

176. Perhaps just making some more tables and more trees, places to gather

177. Please consider updating the children's play space/playground so it appeals to a diverse group of people. We also spend a lot of time at the dog park and playing in the open fields. It would be lovely if there was so privacy during our picnics so we didn't just feel like we are sitting randomly in a giant field. Also, when currently sitting on the field you can't take advantage of seeing the beautiful view, so more seating and designated viewing areas would be amazing.

178. Please do not turn it into a soccer complex there are many other places available for that.

179. Please don't clutter it up with structures, concrete paths, park furniture. It's beauty lies in its simplicity. It gets extensive use already. Don't ruin it for us. Maybe a pond...but no contrivances. It's not big enough for all the dogs that come regularl

180. Please incorporate multiple types of sports options. The cays is full of children and the playground, baseball diamond, tennis and basketball courts are used daily.

181. Please keep - and expand if possible - the off-leash dog park. Do not fence it in!!!! And please do not add anything that will become a homeless magnet. Let's make sure the park serves our neighborhood!

182. Please keep it local and do not attract outside traffic

183. Please keep the basketball court

184. Please separate the dog park from the rest. There are often dogs running on the field towards or on the playground. New play elements and shade for the kids

185. Protection from the noise and pollution from the highway traffic is critical; plants at the walls that absorb the pollutants would improve the health and wealth of the residents.

186. Public benefit for the enjoyment of the Cays & Coronado residents first, not the City of SD soccer programs and those who wish to use

the State Beach but are too cheap to pay the 'daily use' fees.

187. Public benefit should be understood as Cays residents' benefit.

188. Reduce the number of soccer leagues playing. They overtake the entire park when they are playing their tournaments.

189. Reduce the size and frequency of active recreation events (soccer tournaments) and increase amenities for quiet passive recreation. Reduce the water-hogging grass areas. Increase maintenance of the park overall including the landscaping, tennis court surfaces, lighting, etc. Build a dedicated pickleball court rather than using one of the tennis courts diverted for this use. Tennis courts are in high demand during weekday mornings and weekends even though they may appear less used during the heat of the afternoon. Increase the children's play area, add some areas for kids bike and skateboard play, and physically separate the dog area from the rest of the park.

190. Reduce the size and frequency of active recreation events (soccer tournaments) and increase amenities for quiet passive recreation. Reduce the water-hogging grass areas.

Increase maintenance of the park overall including the landscaping, tennis court sur

191. Reduce the space allocated to soccer--it's WAY TOO much

192. Reduce weekend soccer games

193. Restrict off leash dogs to an enclosed area.

194. Retain dog park as is. Control soccer fields by reducing number allowing other sports to utilize area. Build a wall for tennis, handball, et al, to practice.

195. See above answer.

196. Seek the approval of residents for any and all changes

197. SENIOR CONSIDERATION AND USAGE

198. Separate and enforce pet area. I see pets walked in. On let area often. Lighting at park is dark. Street light at cul de sac has been out for quite a while

199. Several Renderings for the community to choose would be great.

200. Soccer goals for one field should stand permanently for use of our

10: PLEASE SHARE ANY THOUGHTS OR COMMENTS THAT YOU THINK MIGHT BE HELPFUL TOWARD MAXIMIZING THE PUBLIC BENEFIT OF CAYS PARK OVERALL.

children and NOT be taken away and locked up

201. Soccer in the park benefits non-Cays individuals.

202. Soccer teams/tournaments to PAY for use of the park. City kids have 1st priority.

203. Some items that benefit every age group, others geared only towards children, teenagers, adults & seniors interest. There is a shortage of picnic tables in every area of the park. No where to meet up to sit & enjoy lunch or dinner outside with friends or neighbors.

204. Some of your questions tied to residents of Coronado Cays. I am a resident of Coronado in the village and use the park for my dog because there are no off leash parks in the village. Dog beach is owed by the Navy and requires the dog to be bathed afterward. Dog beach is not

205. Some safety fence or plants between street and park area

206. Some shady places (even in dog park) and some benches or seating

207. Sports fields are needed; but it's true the park is more of a field and the current layout and scheduled sports events completely override any other utilization of the area. We should have an open space with balanced functionality meeting broader community needs

208. Stop catering to Arizona kids, focus on the older population paying taxes in the Cays

209. Stop overthinking and leave the park as is

210. Stop using the fish fertilizer, makes dogs sick. Large fenced in dog area.

211. Strongly limit the number of soccer and other sports games. Reduce the areas now committed to soccer tournaments. The park should be used by and for Coronado Cays and Coronado residents primarily.

212. Take surveys in the park on all seven days of the week, morning, afternoon, and evening.

213. Target neighborhood use, rather than regional recreation events

214. Tennis courts should stay, as they are an asset to the community. I believe soccer will attract a ton of people on the weekends and will be a nuisance to the residents. I like the idea of having the park as a focal point like Spreckles. The playground

can be revamped and relocated far away from the street and parking for security reasons.

215. Thank you for publishing this survey. The park is a City of Coronado Park, for the benefit of all residents and visitors (just like Spreckels). We encourage our friends and neighbors to have a welcoming attitude and not use this "park issue" to become yet another talking point that fosters a provincial attitude. Too late now but all Coronado residents should have/could have(?) been invited to take this survey. We'd also like to add that much of the beauty of Spreckels Park (133 years old!) is the result of volunteers (not the City)...ie the Band Shell was built by "Coronado Beautiful" and funded by donations. Many of the trees in the park (and on the golf course for that matter!) were commemorative and paid for and planted to honor a deceased person.

216. Thank you for this education and survey.

217. The baseball/softball diamond needs improvement. It is used now but would be used more often if it was not so rundown. The dog park is a jewel and used quite a bit by many people. It should be retained and improved by getting the irrigation system upgraded and trash cans moved away from seating areas.

218. The Cays does not have many locations where we can be in community (unlike the village where there are many opportunities). The dog park is a very important part of our identity and community for many of the residents.

219. The challenge is limited parking and already bringing too many people from surrounding areas non residents into our quiet and clean community.

220. The children's playground area is greatly lacking. Compare the playground at Spreckles park to that in the Cay park- sad. Also need to get the soccer fields away from children's playground area- it's a hazard. Those balls are flying at high speeds. When soccer fields are in use most parents remove their young children from the playground. It's not fair. The soccer group takes over the park, including the dog park. They are not considerate of the rest of the community who wants to use the

park. Also why would you design most of the park for soccer fields when the community only use the soccer fields a few hours a week. I do see outside, young adults using the fields from other communities. But they are not Coronado residents and are not Coronado tax payers. Don't get me wrong. I love soccer. My son grew up playing competitive soccer for Surf. But this is a community park- for the entire communities use. If you need more soccer fields put some at Tideland. Don't take over the Cays only park!!!

221. The dog run is the most utilized and socially involved neighbor gathering site in the Cays

222. The dogs take over the ENTIRE PARK when no sports are going on. It is just one giant DOG PARK.

Obviously the rules are not enforced so there needs to be a barrier or relocate dog area to different spot. I get it is needed but does not need to be a free for all which hinders non dog owners from enjoying the park. I don't want dogs chasing me and jumping on me when I'm just trying to go enjoy the sunset or on my morning walk. That is the biggest issue for us and causes us to avoid the park altogether. Do not take away a place for kids to play sports. They have nowhere else to go that's close by and that's much more important in my opinion. There are definitely improvements that can be made so it can be multi use for all to enjoy. Not just dogs and their owners.

223. The existing dog park is a central social/community attraction, don't mess it up!

224. The existing plan is open to the ocean and easy to maintain with the lawnmowers

225. The ideas put forth to make the park a gathering place, similar to Spreckles Park is a great idea.

226. The major use of the park now is for soccer, tennis and dogs. It is in no way an amenity for the greater community of the Cays. Women's tennis teams from Tijuana, inundation from out-of-town soccer families. The soccer organization acts like they own it and makes serious money 600 - 800m in revenue/yr despite claiming to be a non-profit. We pay for a park with our tax dollars. This is not a park.

10: PLEASE SHARE ANY THOUGHTS OR COMMENTS THAT YOU THINK MIGHT BE HELPFUL TOWARD MAXIMIZING THE PUBLIC BENEFIT OF CAYS PARK OVERALL.

227. the off leash dog area is currently unclear and many people allow their dogs to be off leash in the entire park. Having a well defined area would probably fix this problem and alleviate the problem of dogs running toward the street.

228. The park currently is a minefield of soccer balls flying through the air, dogs running all over, and dog droppings making it very difficult to enjoy or spend time there.

229. The park is a treasure as it is. Let's not make unnecessary changes or "improvements".

230. The park is already over run with group soccer practices that I understand don't pay. I would hate to see that along with a bandstand/performance stage that will bring more cars, garbage, and noise. It is a great park now that needs some minimal updates

231. The Park is doing a fine job in meeting its role in providing public benefits to the Cays and the Coronado community, who share all the parks, wetlands, beaches, trails walks etc.

232. The park is too small and too exceptional to be given over to soccer!

233. The park needs an improvement-the different renderings will allow residents to see that we can easily make it a park for all to enjoy. It's obvious that a lot of people want to make a spreckels park in the cays. Why? Can't we make our own park that fits o

234. The park should be aesthetic like Spreckles

235. The park should be made into something that all Cays park residents could use, not just a few people that for the most part don't even live in the Cays. There's not enough parking for big soccer tournaments and it should be relocated to Tideland's park, not a residential area. If the dog area was fenced in it would be more pleasant to walk, jog, or take your kids to the park as you would not risk stepping in dog poo. More varied paths and areas where you can sit and rest for the elderly, small gatherings possible. To bring out the older youth with an outdoor gym area. Some nice native plants, trees, shrub to make it look like a park and provide some shade in

the summer and wind protection in the winter.

236. The proposal is nothing more than sports fields which does not serve the Cays community well. Creating a Spreckles Park feel and multi-dimensional use is critical.

237. The simpler, the better

238. The soccer games encourage too much traffic and noise for the neighborhood; many times during the weekend it is clearly dangerous.

Sports like soccer or baseball should be limited to daytime only, and I think reduced in scope. Think serene, and more park like. Trees, paths, quiet places to sit and enjoy nature.

239. The soccer players need to go. Not only do they make the park unusable, parking is a problem when they are here. I would hate to be a driver who hits a kid or parent or both.

240. The volleyball / horseshoe pit isn't used. It would also be fine to take the baseball diamond out. I'm one of the few people who has used it, but Bradley Field and Tideland's are adequate. Most people can buy a \$35 net these days to practice hitting without needing a backstop. A sunset hill there and extending though the area behind the tennis courts would be great!

241. The way it is is perfect now

242. There are not enough fields and areas for children and teens to play organized sports in Coronado. Tideland's does not offer enough space. The fact that parents and families regularly gather to watch their children play sports is a huge benefit to the community. If any trees were added, I would ask they go along the sidewalks or outer edge so that we could still have children utilize our fields here. The three or four weekends a year for a soccer tournament is a small price to pay where parking along the Coronado Cays Boulevard is difficult. Lately there have been kite-flying activities here and it's been nice. Let Spreckles be Spreckles. Dog walkers have their space. We have a great open space that lends itself to many events and the opportunity to keep families engaged in sporting events with their children.

243. There is always trash, garbage & dog poop left behind by people not invested in our neighborhood! We

should cater to the folks that actually live in the Cays.

244. There is plenty of space to add on to existing set up, do not decrease open fields

245. There should be a space for everyone in mind, not only for those who do sports.

246. This is a community park. Let's have small community gatherings and events just for Coronado residents.

247. This should be a community park with dog park not club soccer field for the county

248. This survey has been great

249. Too much dogs off leash and soccer, dog waste not policed. Feels unsafe at night.

250. Too much traffic when sports events are held in the park. People from other communities come and think that they always have a right of way. I think that the curbs along Coronado Cays Blvd. should be painted red and they can park across the highway and cross through the tunnel. When cars are parked along the boulevard, the lanes become tight and one can only use a single lane on the boulevard. This will be safer for everybody.

251. Trees with welcoming landscaping including indigenous plants. Turn it into a SoCal coastal retreat and refuge for Cay's residents. Keep it simple, functional, yet aesthetically magnetic.

252. Unique opportunity to make it a park not a soccer field.

253. Versatility of the park design.

254. Walk paths, shade, benches, dog park, ocean view, play yard for children

255. want to maintain the open fields and view of ocean and not closed off and blocking views with non-indigenous trees and plants

256. Way too much soccer. Baseball field is a waste of space

257. We are a young family without a dog. The play structure is something we visit almost daily. It does not offend us that the park is used so heavily for the soccer fields but would we like to see something more than just a large green field, of course.

258. We don't want to have people who is not resident or live in the area. It is a safe place for the kids

10: PLEASE SHARE ANY THOUGHTS OR COMMENTS THAT YOU THINK MIGHT BE HELPFUL TOWARD MAXIMIZING THE PUBLIC BENEFIT OF CAYS PARK OVERALL.

259. We have a beautiful park. Any new project has to be excellent for the residents and history.

260. We have limited parks and so we can't just throw out soccer as though it were of no import. That being said maybe we can use some space more efficiently.

261. We have only visited the park a few times because my kids say the existing play equipment is "boring". There is no shade, no aesthetics, and nothing much to really do. This could be a great opportunity to make this space special and inclusive. We'd love to see an 'all can play inclusive park with play opportunities for kids including those with disabilities, and relaxing opportunities for adults. It feels like it could be a great space to highlight native landscaping and take advantage of the unparalleled views. This space needs to be more than a water-sucking patch of grass only useful to a handful of people, most who don't even live here. Please give our kids and families a safe place to play and enjoy our community!

262. We have owned our home since 1987 and have used the dog park, playground equipment, and walkways over the years. It is a shame that soccer has taken over, causing high traffic volume and litter problems. It is one thing to have a local, Coronado school team once in awhile, but the teams coming here are not local and shouldn't be allowed to take over our park. If more room is needed, why not ask the Port for Tideland Park use - it

is much bigger and parking is much better.

263. We need trees, but I am happy with the dog lark and see all the kids playing soccer

264. We overlook the park and definitely do not want it lit up at night which would encourage nighttime use.

265. We should not mimic Spreckles activities, but be a little different. Low key, not weekly events all the time, but fun!

266. We would like to see a multi-use park that does more than primarily cater to soccer games. It has so much potential with such a large area overlooking the ocean.

267. While the Spreckles Park is beautiful, its use is limited by lack of an open area. The Cays Park is so much larger that we have a unique opportunity to have beauty (trees, art, stage, etc.) and still retain the open areas/fields (which get used frequently for soccer, kite flying, people practice kite surfing, fly drones, frisbee football games, kids sports camps in the summer, etc.). I definitely think that there should be tennis courts, pickle ball courts and a basketball court. The sand horse-shoe area has never been used and should go. The sand volleyball court has never been used for volleyball but rather used for soccer net storage.

You gotta put the soccer nets somewhere. I think if done right - we could have both a large open field area for soccer and activities that require wide open space and also work in beautiful landscaped areas

with trees, sculpture, a stage for concerts, more stuff for kids to play on, etc. in and around the fields. I don't think one or the other is the answer. If you turn Cays Park into a gigantic version of Spreckles Park - you will have a large forested area that gets used much less than it does now. I am also a big fan of the dog park (it gets used alot) - though it should be made larger and probably fenced/walled in. I would also keep the parking lot at least the same size especially if you intend to have concerts, art shows, etc. or people will be parking in resident driveways (reminiscent of Spreckles Concert in the Park). Great opportunity - let's get it right

268. Willingness to Comprehensive

269. Would like to have a schedule of the soccer games at the park listed on a website so that we can plan to enjoy a picnic there on days that soccer is not scheduled.

270. Would like to see a park designed for all residents not taken over by sports activities or large concerts. Keeping it available for walking, running, or small family or social gathering.

271. Would love to see opportunity for more people to use this park in various way and make it a cays community treasure.

272. Would prefer park remain as is; maintain irrigation to prevent wasting water.

273. You mention "every single adult" do you mean "unmarried" or just "each adult"?

THANK YOU FOR PARTICIPATING! Is there anything else you would like to share?

1. 20 + year resident of Cays and the only people I have observed utilizing the park are families with children and children playing sports in the park. I want the kids to maintain an area to exercise and participate in sporting events for the future. We need to maintain our open spaces. I also have observed that people ignore the dog park perimeter and let their dogs crap all over the park. I am a dog owner and do not allow my dog to run free outside the dog park. I also frequently pick up other dog owners dog crap in other areas of the park. I was not originally in favor of adding a fence for dog park but over the last year I am now in favor of adding fence to dog park.
2. A community garden would be a wonderful addition and, if organized properly, should pay for itself....
3. a) We ought to install speed humps/bumps and crosswalks along Cays Blvd to protect dogs and kids from cars. b) It is not outlandish to connect the Cays Park to the ocean, rather it's foolish not to.
4. Anything to limit access/use to non Cays residents
5. As a parent with young kids it is important to have fields for youth sports
6. As I said, we are not fulltime residents
7. At the Cays Entrance Guard Shack, please put in a gate across Coronado Cays Blvd so that only residents can enter the cays and use the park.
8. better irrigation and more shade, but leave mostly alone; other parks in Coronado fill the other uses.
9. Cays residents, along with other Coronado residents should be the focus for use of a reimagined Cays park, not outside residents, tourists or businesses.
10. CC park has been overwatered for at least 10 years and a lot of water is wasted. There are puddles everywhere after watering and lots of mud. Soccer has taken over our park and there is very little there to attract families. Make the field a family friendly park. Lots of trees!
11. Could be very special
12. Designate an off leash area for the dogs!
13. Designing a park where people from outside the Cays would want to come would be helpful to the businesses here. It is convenient having Calipso Cafe here, and it would be nice to have more, but with so little traffic, they cannot stay in business. Developing the land around the businesses would be ideal. There should be a longterm cohesive plan for the entire area not just the park (although the park is a great start).
14. Did I mention that you should be cautious about change for change's sake?? It's dangerous.
15. do botch up a good piece of open space in an effort to have change.
16. DOG POOP SHOULD ONLY BE ALLOWED IN ONE AREA. The children can't play without stepping, falling in it, smelling it, etc. It is pitiful that dogs are more important than children/people. Move the dog area to the north park area by the road to Loews, they have already destroyed it. People literally drive from Coronado Island/Village to walk and let their dogs poop in the Cays! It is so out of hand!
17. Don't let the city ram more soccer concession down our throats
18. Drastic changes to the park would be a great loss of a safe and beautiful outdoor space for active residents and families.
19. Enough about dogs... there is plenty of tennis, we need to make it look pretty and have been amenities like toilets and changing areas for the beach maybe outdoor showers
20. Excited to see what our community can come up with!
21. Executive 9 hole in middle, walking path and benches surrounding ?
22. Fence for dog park
23. fill in the holes in the park and dog park, people have sprained ankles there
24. Good Luck
25. Good luck with the city that likes to do things their way!!
26. Good Luck!
27. Green turtle has no community space other than the park. It's a shame that with all the soccer and outsiders parking here, we can't even enjoy our only park.
28. Hope we can have a park that is primarily an area where all of the residents of the Cays can enjoy and be an asset to the area instead of a problem. We live in a truly beautiful area that hopefully for the first time it can reflect the needs of its residents.
29. I have lived here 4 years, and only went to the park once when I exhibited my art in the 50th anniversary celebration. This park is NOT inviting as is. Thanks for taking the time to involve us in this survey.
30. I hope that serious thought is given to this matter.
31. I hope the dog park will remain as is. It is heavily and regularly used.
32. I hope the park will keep safe and private for cays residents only
33. I like it the way it is.
34. I live on Trinidad Bend over looking the park. I thoroughly enjoy the view and seeing lots of activities in the park. Parking can be challenging particularly during soccer matches and it over flows into the village, which is annoying due to the lack of parking in the village itself. I walked my dog there for 6+ years and still enjoy watching the dogs playing there now watching from my house. Parking is a problem all over Coronado and most probably should be the first issue to be looked into. It is wonderful to have people come and used the park, but they need to be able to park legally.
35. I love for the soccer games to be here but enough is enough, we need to enjoy this park too.
36. I love the park the way it is. I don't think spending money on changes right now is worth it. Why change what is already great?
37. I particularly like the idea of landscaping between the bike path and wall
38. I see the tennis and basketball courts being well utilized. Let's not put in anything that will increase traffic and the # of cars.
39. I specifically oppose expanding or adding sports fields or installing bleachers.
40. I think the park needs updates but not changes.
41. I think the park serves many people in many good ways. It's well-maintained. I think tennis courts were underused due to Covid. There's usually huge demand. Would love pickle all courts!!!
42. I think the soccer is taking advantage of this area. Residents can't enjoy this as always taken up

THANK YOU FOR PARTICIPATING! Is there anything else you would like to share?

with soccer events. Commercial entity should not be allowed to maximize their profit using "free" public space.

43. I understand that watering costs make up a big portion of HOA costs. Would love to see watering reduced at the park. I doubt the grass needs to be watered as often as it is.

44. I would be happy to share ideas about a butterfly garden.

45. I would like to see at least a monthly get together event at the park. A lot of our residents are seniors that live alone & it would be a great way for them to socialize & meet their neighbors. A outdoor Bingo night , talent night, art classes, a place for groups to meet up, fitness classes for all ages, utilize the outdoors as much as possible.

46. I would like to see the area south of the cul de sac by fire station be developed by professional architects as a park closely aligned with the design and usage of Spreckels Park. North of the cul de sac I would like to see the continued but limited fields for soccer, a covered gathering spot for the tennis courts and include the addition of a practice area for golfers.

47. I would love to see some creative ideas for maximizing the use of the park.

48. I'm excited for this new park! Can we please contain the dog area. I love the idea to make it like spreckles

49. If you want Spreckels park atmosphere...just go there. The Cays park serves a definite need of the community

50. I'm so glad you're exploring this.

51. It may become more difficult to maintain landscaping and mowing with additional benches, boulders, and other objects. Many more people have brought their dogs for walks this year and it may not have been clear to them exactly what area the dog run encompasses. Maybe some clearer signage?

52. It would be nice if the Cays wasn't always an afterthought. All soccer fields likely benefits very few Cays residents.

53. It would be nice to know why this has come about. Who is proposing these changes and where will the money come from and who will benefit / receive the contract to implement all of the suggested "improvements". The 4 minute video was a one sided view point. It did not

take into consideration that the park may already be a "Treasure" yet the video keeps repeating that "It could and should be our treasure" . One could look at it like a blank canvas - it is simple peaceful and wide open to enjoy by bike, walks, kites, sports, nature, views...it really has it all. My vote is not to change a thing. Not only because I like it the way it is but I think and hope the City could use (or not use) our money more wisely.

54. Item 4 should have leave as is as an option...it presupposes support for change. Please leave the park as is. maintain it. The master plan can be re visited at any time.

55. It's a wonderful location and it could be a wonderful park. As it is, it doesn't offer much to the vast majority of residents.

56. Keep some soccer, and encourage other Coronado base athletic teams. Lacrosse, etc.

57. Keep the Cays free of undesirable elements

58. Keep the Cays quiet and clean

59. Keep the cost reasonable!

60. Keep the tennis courts!

61. Leave it alone

62. Leave it alone. I like it just the way it is!

63. Leave the damn park alone.

64. Leave the park alone

65. Let's make it beautiful!

66. Lets take the opportunity to be creative so future generations will see that we had some insight.

67. Listen to the people. Do not do what you think we want. Simplicity is what we want and need. We are not Spreckles Park. We are our own entity.

68. Lots of opinions will be voiced and the improvements should not cause additional costs to homeowners. Making massive changes could cause undesirable outsiders to be attracted to the park ie...homeless people.

69. Love dog park. Good to have park used for soccer, although traffic & parking is congested at times. I don't want changes, as parks in Cays are peaceful & inviting to me. The peace is my goal.

70. Make it safe for old and young.

71. Many folks in the Cays have dogs and regularly let them run and play there. That option should be retained!

72. Minimize congestion and maintain security

73. My main concern is that you will have the public from outside our community using it and leaving trash behind if you offer too many amenities. For example the park on the way to the Yacht Club, many people come from outside our community and set up tents for the day, BBQ, and leave trash everywhere and dog poop. I think that is a big issue with who is going to keep the park clean. I know in that area it is a big challenge.

74. My thanks for hopefully walking the park again without being accosted by dogs. I was almost attacked twice before I gave up my walks through the park. Dogs running out onto road ( one dark evening a dog ran out andhit my car, fortunately not hurt but shattered my nerves)

75. N

76. N

77. N

78. N

79. N

80. Need things for senior citizens to do.

81. Need to review our landscaping service! Not seeing a lot of upgrades/beatification in our landscapes around our homes.

82. No parking available for large events.

83. No thank you

84. No thank You!

85. No thank you.

86. No, just the opportunity to stay informed about developments.

87. none

88. nope

89. Not at this time.

90. Not at this time.

91. Not right this minute but let me think about it!

92. Nothing else

93. ocean view feature should be priority as we have it , let's enjoy it

94. Our family has lived in the Cays for 34 years, it's time that the park be used for something other than soccer. It seems it's sole purpose is to serve as the soccer drome for the South Bay. We should still include soccer at some capacity, but should expand to other uses.

95. Please do not attract people from outside the Cays. We prefer it quiet and without too many cars. When national holidays attract crowds

THANK YOU FOR PARTICIPATING! Is there anything else you would like to share?

to the beach, it sometimes becomes a problem, particularly with people drinking (a few years back we had an instance of a stabbing in front of our house). Soccer tournaments are a nuisance too because of parking. No concerts please. We live across the street from the park. If you want, beautify it, but don't make it an attraction for non residents of the Cays. No permanent soccer field please, keep it as is (after play, goals are taken down). Keep the tennis courts.

96. Please do not go overboard with "improvements". The park is great as is.

97. Please do not make our quiet Cays into a tourist attraction.

98. Please don't make this beautiful open space filled with things that chop it up.

99. Please keep the basketball court

100. Please listen to Cays Residents. We are most affected.

101. Please not to many trees like other parks. Will cover the nice view for most of the residents.

102. Please note, I do not have any background in landscape architecture or public park design but it wouldn't let me select 'no'. Thank you for privileged this opportunity for comment and to help enact change!

103. Please remember that we are a community of people who have very few places that we can congregate without driving into the village and dealing with the parking problems there. The Cays park is an active and vibrant place of connection for the residents.

104. Question 4 should be redone. It should be ranking each of the individual items on a scale of 1 to 10 of how important each thing is. The way the question is presented doesn't accurately represent my priorities. For example, I like sports in the park like how it is now, but don't want workout equipment there. Don't want night lighting(already so many lights around) Don't want fire pits (bad for environment and smelly!!!!) don't want a pond ( who is going to maintain this?) Dont want art structures. Shade would be nice for playground area for sure. People bring chairs if they want to sit so I don't think we need picnic tables. There's plenty of picnic benches at the bay of silver strand

where the sand volleyball courts are and do people ever use those?

105. RED CURB THE CAUSEWAY AND REDUCE OUTSIDE NOISE & CROWDS AT SHORELINE PARK

106. So glad this is happening and I'll help if you need it! We have been here 15 years and our son is 15 and we would have loved it if the park had been more conducive to our family spending more time there. Soccer really does take away from spending time there. We also would have used the baseball diamond more if it had been maintained over the years, some things are in place (basketball, horse shoes, volleyball) but hidden and not maintained so pretty useless

107. Soccer Weekends Traffic is

Dangerous Especially for Bicyclists

108. Some confusion is "Statement" re ""single adult"

109. Sorry, I like what we have now.

110. Stop being old farts and leave the parks as is

111. Street parking should not be allowed say from midnight to 5 am for security reasons and later on day of street cleaning. Parking should be allowed on your driveway so street can be cleaned regularly

112. Th park should be for the benefit of Cays residents

113. Thank you

114. Thank you for all your efforts to make our park a more useable and enjoyable place to go.

115. Thank you for asking Cays residents for park input.

116. Thank you for asking!

117. Thank you for bringing this opportunity to the attention of our community! I had no idea there was a chance to make this park something so special and I sincerely hope we don't miss our opportunity for a positive change!

118. Thank you for bringing this up, am 34 years old and I have been living in the Cays for 9 years. We definitely deserve a park where we ALL can enjoy! Right now is beautiful but very limited you either have to play tennis-soccer or sit in the little corner

119. Thank you for consulting with Cays residents regarding our community park.

120. Thank you for doing all the hard work!!

121. Thank you for doing this

122. Thank you for doing this survey!

123. Thank you for doing this, hope it works!

124. Thank you for exploring this GREAT idea. Best thing you've done in years.

125. Thank you for getting everyone involved.

126. Thank you for including us in this dream of what could be possible at the Cays Park

127. Thank you for issuing this survey!

128. Thank you for listening

129. Thank you for putting out the survey.

130. Thank you for requesting our input

131. Thank you for taking an active approach.

132. Thank you for taking the residents of the Cays opinions!

133. Thank you for the opportunity to make the Cays Park much better.

134. Thank you for the opportunity to share our input.

135. Thank you for the opportunity to voice our opinions and have a say in our neighborhood community.

136. Thank you for this survey. I would love to see improvements to the Cays Park!

137. Thank you for your efforts!!

138. Thank you!

139. Thank you!

140. Thank you!

141. Thank you!!

142. Thank You!!

143. thank YOU!!!!!!!!

144. Thanks

145. Thanks for asking our input. We think this is a super idea

146. Thanks for asking us for our input.

147. Thanks for asking.

148. Thanks for getting our input on the park

149. Thanks for getting this info out.

150. Thanks for letting us provide inputs.

151. Thanks for providing this survey.

152. Thanks for reaching out.

153. Thanks for taking the lead on this

154. Thanks for the opportunity for each of us to express our opinion.

155. thanks for working on this project. But one question where do the funds come from to make these proposed changes ? Sorry in advance I might had missed it !That might maker for a different decision

THANK YOU FOR PARTICIPATING! Is there anything else you would like to share?

156. Thanks you for doing this, it's really important.

157. The Cays are a choice residential community and we need to compliment and protect it.

158. The CAYS is primarily a water based community. If you live here and don't have a dog you don't give it any thought

159. The current park is seen as a youth sports park. This is just one part of identity. Where are the features and opportunities which might welcome elders.

160. The dog people are raking advantage of the area, dogs running everywhere, onto soccer fields while kids are playing, more than ever. Even during covid, the park was so busy with dogs and the owners do not watch their dogs, or clean up after them.

161. The fewer infrastructure changes the better. Open space is good, the fewer programmed and/or profit-making events (e. g. soccer) the better. We don't need more structures, we need space for normal people to enjoy the park. And please nothing that will become a homeless magnet!

162. The kids of coronado need fields to practice and play on!

163. the open space is refreshing after spending time in the crowded coronado parks ... to confined

164. The park is a great resource. We moved here last summer during Covid so it's hard to know what it was like before.

165. The park is beautiful as is

166. The park is completely jammed every weekend and many evening thing we need is to attract even more cars and traffic that some of these selfish ideas will create. Next we'll need traffic lights and more ugly street signs.

167. The reason we don't visit the park is because we constantly see dog's feces on the ground. And random dogs come over to us and our daughter. A fenced in area specific for dogs would be better.

168. There are a lot of military families with small children that reside here. A nice playground would be very helpful for local families that have no other means other than going to the main Coronado Village to play on a nice playground. If you have the time look up the plans or photos from

poinsettia park in Carlsbad, it's a wonderful layout.

169. There are many golfers in the Cays. A small space for them would be great

170. There have always been way too many soccer games and they ruin the grass.

171. Think of the kids that play soccer. Spreckels is pretty, but sits unused 90% of the time. Cays residents go there too, but our park provides something unique and beautiful in the Cays that the Village and the entire County can enjoy too! People that visit always remark how lucky we are to have such vast park for playing in, flying kites, holding great tournaments. It makes us special and we are the envy of the area, which helps us keep our kids in Nado vice Albion. Don't ruin it!

172. This is a great survey. I hope the response rate is high!

173. This is just a general, but I feel from my perspective an important statement. As many of you are aware, California in general is not doing very well. Other states do not look up to it anymore. And in fact, use the state as a bad example. Major 'White Flight' is occurring and will not let up (it will last for decades) until there are major changes, in particular the tax structure and excess social programs. Hopefully, especially for those that live here all the time ( I was, but decided not to) will make the right choices for the majority. And yes maybe expand some of the open areas just a little ( in a natural way) to give those like me a little "breathing room". Finally, in general, I have found Californians to be very cordial, I respect them and their traditions and simply put are great people. I am very confident, the right choices will be made.

174. This is much needed--thank you!

175. This is not a park it is a series of "fields" or at best "green space" - - We should not be held hostage to a soccer program

176. This should be a community decision, & not decided by politicians that don't live in the neighborhood. Thank you for the opportunity to provide input & to have a local voice in making our community all that it is truly capable of becoming. With great respect,

177. This should be a neighborhood park, not a regional park

178. This should be geared towards the residents primarily...

179. Tranquility, not noise.

180. Typically in the navy, we hiring an architecture and engineering contractor to help refine a design with input from the customer before finalizing a design. I would hope the city is hiring a professional landscape architect firm to do the same.

181. Update the children play area and add a park bench. We are not Speckles' Park. Keep the Cays Park the same.

182. Use of Cays Clubhouses for Senior Activities such as playing cards, chess, etc

183. We enjoy seeing the soccer matches and kite flyers in the large open spaces.

184. We have noticed in Bahama Village that on the days that soccer games are played the parking is horrible. Cars are placed in every space whether it's a legal space or not. Our village looks like a used car lot on a regular basis.

185. We like the park as it is, with regular use by kids player soccer, tennis players, dog walkers etc. Leave it alone. Question #4 forced me to make choices I have zero interest in — a very biased question that underlies this entire survey. You seem to be a group bent on forcing your revamp of the park on everyone else. No.

186. we live directly across from the park so don't want tall trees or things that might obstruct our view of the ocean, but other flowers/plants would be okay, just nothing set to be too tall.

187. We moved here 35 years ago for the security, peace and quiet of the neighborhood. Let us keep it that way.

188. We need more options than simply using this as an opportunity to create soccer fields that many of the residents will never use. This will also create more and more traffic in our community which is unnecessary.

189. We need to do something with this park that enhances our beautiful city. My wife and I walk to the park daily. Although we support the dog park, most owners let their dogs have free rein. So a barrier would be a good idea. Too much land is used for soccer. When there are no soccer games or practices, the park looks

THANK YOU FOR PARTICIPATING! Is there anything else you would like to share?

bare and unimproved. The park is currently designed to benefit dog owners and soccer parents. The rest of us receive no benefit from our park. Please make the park more inclusive for all residents.

190. We'd love to see what potential the park holds!

191. What will the cays be like in 20 years? Probably many more young families. Keep those in mind with your planning.

192. Would like a survey and support like this for Grand Caribe Shoreline Park. Why not make that a complete "connect with nature" park with city supported community garden, controlled parking and ENFORCEMENT OF RULES! The word is out.... if you want to let your dog off leash, have a bonfire or drink alcohol in a park all day without risking a ticket, head to Grand Caribe Shoreline. The other parks in Coronado have rules and enforcement e.g. tickets or warning for dogs off leash, alcohol and fires. Why doesn't this happen in Grand Caribe Shoreline Park?

193. Would not like this park to be invaded by out of cays people like the tidelands park in coronado that is just TOO crowded and makes it a nightmare for coronado residents.

194. Yes, I hope that you consult with law enforcement and have them

provide an impact study before leaping into some half baked idea of creating a love spot in an area which should remain devoid of same.

195. Yes, The Street Light at #27 The Point Still does Not work

196. Yes... We purchased in 1974. and I was chairman of the Scottsdale Parks and Recreation commission for 4 years and served on the commission for 8 years. I have some experience with the park planning process and its effect on neighborhoods. From my observation. Before reducing the number of Soccer / Lacross Fields we must address where they will be relocated to. There is definitely a need for those fields (they are used almost daily) so we cannot just remove them and say good Bye. I also have a concern for the views that will be impaired / changed by planting trees in between the Bahama and Trinidad homes and the ocean. By my count about 36 homes will be affected. Those people purchased their homes with the park there and open to see the ocean. I am not in favor of removing that view from them arbitrarily. That sounds like a class action lawsuit in the making to me. Their approval would be required before I could support additional trees. I commend your request in this survey for responses. However I do take exception to how the questions

were framed and asked. The questions are framed for a particular response. For a truly impartial survey the questions should be impartial and not asking for a particular response. Example "7. PARK DESIGN FEATURES ESPECIALLY WORTHY OF FURTHER CONSIDERATION." with that questions there was not a choice for "Few or no Changes". Last the city hosted 2 public meetings one of which was at the CCHOA. And by my estimation very well attended. (much better that anything we got in Scottsdale) And a similar survey was presented at both and (posted online and a formal request for responses held open for 30 days) and did get a very high response rate. With the wide majority deciding that little to no change to the park character was good. My concern is that with your first statement "We are concerned that the interests of Cays residents and homeowners may not have been fully represented." you are trying to overturn the first survey and public meetings taken with this survey. WRONG!!!! This is government at it worst. If you do not get the answer that you wanted "ask again" and continue to ask until you get the answer that you first wanted and disregard all previous answers.
